Hi Ethan - Attached is the letter to the Administrator and Region 5 RA from six tribes in WI, requesting that EPA initiate the CWA section 404(c) process for this proposed taconite mine to protect the tribes' treaty-reserved rights and resources. Note that the letter cites in footnote 1 the statement on treaty rights in Bob P.'s 1/8/13 memo. Let's plan to discuss this at CCILO's reg review on Wed. Thanks

Carolann & Tony- In case you have not seen it, attached is a letter from several tribes to R5 requesting initiation of the 404(c) process for a potential taconite mine in Wisconsin. Folks in the region and HQ have begun to discuss options. We had a few exchanges with Stacey on the CWA side.
